

LAUGHS IN COURT; SWALLOWS TEETH.

Louisville, Ky., March 22.—Fred Zook, who had taken a warrant against himself for being drunk, asked the court to send him to the workhouse in order that he might sober up. His address to the court so amused John P. Martine, the official stenographer, that he laughed and swallowed two false teeth.

DIVORCED BEFORE HUSBAND IS SHOT.

Fort Worth, Texas, March 22.—Mrs. Nora Harle, one of the most beautiful women in Texas, has just been granted a divorce from her husband, Dr. C. S. Harle, of El Paso, who is under sentence to be shot for complicity in a murder. She says she was loath to believe her husband guilty until he made a confession.

IN SERIOUS CONDITION

Governor Pattison Reported to Have Had Another Relapse.

FAMILY FEARS THE WORST

Alken Measure Increasing Dow Tax Reported Favorably by the Temperance Committee—Prohibition Resolution Sent to Committee—Bills Passed by Each House.

Columbus, O., March 22.—Governor Pattison, it is stated authoritatively, has had another relapse, and his condition today is serious. While his physicians refuse to discuss the matter, there is no question that the governor's family and friends are alarmed, some being apprehensive of the worst. The weakened physical state of the governor is one of the discouraging features of the case.

Later Dr. Wilson issued a statement saying the governor was resting more comfortably. An increase of pain at

one period had raised the patient's temperature to 103 degrees. The physician concludes: "There is no fear of danger at this hour, although Mr. Pattison is a sick man."

Alken Liquor Tax.

The Alken bill increasing the Dow tax to \$1,000, was recommended for passage by the senate temperance committee. Friends of the measure are counting upon 19 votes, the exact number needed for the measure, 16 Republican and 3 Democratic votes.

Bills passed by the house: H. B. 1, Leitch, permitting boards of education to conduct day schools for deaf persons over the age of three years, and allowing \$100 for each pupil; H. B. 2, Leitch, permitting village and township boards of education to maintain public libraries; H. B. 3, Adler, providing pension of \$500 for school teachers; H. B. 4, Wood, providing for centralization of county schools; H. B. 5, Mr. Thayer, repealing law which made it mandatory for school boards to transport pupils to school where they live more than a mile and a half from the school, and leaving it optional with local boards; H. B. 6, Mr. Bishop, to include under the pure drug and food laws medicines for inhalation and favoring extracts; H. B. 7, Mr. Roff, providing optional quadrennial registration of voters for cities which do not have mandatory registration, that is, cities having less than 11,000 population, and for all villages; H. B. 8, Mr. Tinker, allowing county surveyors \$5 a day and necessary expenses; chain carriers, markers and rodmen, \$2, other assistants, \$1.75.

Prohibition Proposition.

Representative O'Rourke's resolution proposing state prohibition amendment to the constitution was by the house referred to the judiciary committee. Ashbrook's salary bill for infirmity directors was postponed indefinitely by the house.

Senator Hunt's resolution urging congress to take tax off denatured alcohol passed the house.

The house adopted Representative Trott's resolution authorizing the appointment by governor of commission of five members to investigate educational work in the three state universities and two normal schools.

Bills passed in senate: S. B. 1, Mr. Williams, conforming terms of county and state officers to biennial election amendment; S. B. 2, Mr. Meek, enabling high school graduates to enter colleges and universities without examination; S. B. 3, same, rearranging the fee schedule for teachers' examinations; S. B. 4, same, providing that in cities of 50,000 and over the school superintendent may decide when teachers' examinations are to be held.

Samuel Untermeyer of New York, chairman of the International Policyholders' association, addressed the house committee on insurance, endorsing the 16 insurance reform bills introduced by Representative Stewart of Clark county. It is not likely, however, that the insurance measures will be considered this session.

LOCKED

The Doors and Then Formulated a Call

For Congressional Primaries to Select Successor of Congressman Garber.

A General Primary in This Congressional District to Select Successor to Congressman Garber.

Action of Committee Knocks Out the Delegates Selected by Charles H. Adkins, of This City—Action Has Created Considerable Feeling.

Sidney, Ohio, March 22.—The Democratic Congressional Committee of the Fourth Congressional District met here yesterday afternoon to fix the time and place for holding the next congressional convention to select the successor of Congressman Garber.

The meeting was called to order by Chairman George W. Shaffer, of Darke county. The following members were present: S. E. Shaffer, of Auglaize; C. C. Callahan, of Allen; W. H. Frisbie, of Shelby; and C. A. Klobe, of Mercer.

Mr. Frisbie, of Shelby, moved to go into executive session. The motion carried. Press representatives were ordered from the room, and the committee remained in session about three hours.

Secretary Shaffer refused to give out the proceedings of the committee to the press after the meeting. He said he would prepare a call and mail it to the Democratic papers of the district tomorrow morning.

After the meeting the committeemen left the city, with the exception of Mr. Callahan, who gave out the information that the committee had decided to hold a general primary in the district Saturday, May 12, under the Australian ballot between the hours of 5-30 a. m. and 5-30 p. m. Every man in the district who wants to be a candidate must submit his name to the Secretary of the committee, Adam Shaffer, at Wapakoneta, by 12 o'clock, April 14.

The Congressional Committee is to meet at Wapakoneta the same afternoon, and decide upon the amount to be assessed the different candidates. It is said but one candidate on that day is to be assessed the expenses in and the committee figured it would take about \$2,000 to hold a primary. If there is more than one candidate arrangements are to be made with the Central Committees of the different counties to hold the primary. After the primary on May 12 the Congressional Committee is to meet in Sidney on May 16 to canvass the vote and ratify the nomination.

The Congressional Committee from the different counties are to be seated at the primary. No provision is made for certifying the candidate to the Board of Elections to be placed upon the official ballot.

The action of the committee knocks out the delegates selected by Dr. Costello, of Shelby county, and Charles H. Adkins, of Allen county, who have already been endorsed by their counties at a primary election. The action of the committee, although not unexpected, has created considerable feeling. It is understood that the resolution introduced in the committee meeting had been prepared in Wapakoneta, the home of Henry Goetz, Auglaize county's candidate. Secretary Shaffer refused to give the resolution out to the newspapers or to the public, but a demand will be made for him to do so.

ROOSEVELT TO UNION MEN

He Discusses Labor Legislation With Gompers and Others.

RECEIVED AT WHITE HOUSE

Eight-Hour Law Should Not Apply to Canal Work in the Opinion of the Chief Executive—Anti Injunction, Chinese Exclusion and Immigration Also Aired.

Washington, March 22.—Samuel Gompers, president, and Frank Morrison, secretary, of the American Federation of Labor, heading a delegation of representatives of organized labor, were received at the White House by President Roosevelt.

All important labor organizations of the country were represented. Secretary Morrison read to the president a memorial of the executive council of the American Federation urging action on the various demands for legislation being made by the organized labor interests of the country. The memorial dwelt particularly on the eight-hour law and its enforcement on government works, including the Panama canal and the immigration laws, especially the Chinese exclusion laws.

Replying the president made an extended address. On the subjects of general immigration and the exclusion of Chinese labor the president indicated that he was in practical accord with them, but on some other matters he differed with them radically. The president said:

"You speak of an eight-hour law. Every one of you knows that we cannot get white labor; we cannot get labor of the United States to go down to Panama and work. Just at the moment we are working chiefly with negro labor from the West Indies. The conditions that make the eight-hour law proper here have no possible reference to the conditions that make the eight-hour law entirely improper there. You happen to be in the effort to get for you what I think you ought to have in connection with the eight-hour law when you make a request that is indefensible, and to grant what would mean idleness, delay and injury to the work on the isthmus.

IN A DIVE

Woman Was Held Against Her Will, So She Claims.

New York, March 22.—Hattie Warren, a white woman, was lured to a resort frequented by negroes in this city and held a prisoner five months, during which time she was subjected to the grossest indignities, according to the story told by her in the court of general sessions. She was a witness produced by the prosecution in the case of Robert Spriggs, a negro, and the alleged proprietor of the house where the woman claims she was held a prisoner. The charge against Spriggs is abduction. His arrest followed a raid on his place during an investigation of the so-called "white slave" evil by the district attorney's office. The Warren woman claims to have escaped from the house the day before the raid was made. Several other white women and a number of negroes were taken by the police when the raid was made.

EMBEZZLEMENT

The Charge Against Rev. Simmons' Business Partner.

Peoria, Ill., March 22.—Rev. Louis Kelly, the Baptist minister who was a partner with the late Rev. George Simmons in the defunct People's Savings bank, was indicted for embezzlement by the grand jury. The indictment charges that Kelly received deposits on Feb. 5, the day before Dr. Simmons committed suicide, when he knew that the bank was insolvent. A bench warrant was issued for the arrest of Kelly by Deputy Sheriff Fash, who was unable to find his man and officers at Wheaton, Ill., have been wired to keep a lookout for him.

Denied by Higgins.

Albany, N. Y., March 22.—Governor Higgins repeated his denial of the published assertions attributed to Andrew Hamilton, that he agreed with Elihu Root last summer or at any other time that insurance matters were not to be injected into the special session of the legislature called to consider the accusations against the supreme court justice, Warren B. McKick. "I have never passed a word with Mr. Root on the subject of insurance in any shape or form," says the governor.

Railway Employees Held.

Peoria, Ill., March 22.—George Wetherwax, conductor on Santa Fe No. 6, which was wrecked at Chillicothe last January, and "Jay" Smith, the block signal station operator in the yards at Chillicothe on the night of the wreck, have been indicted by the grand jury for manslaughter. There were three victims. Disobedience of orders is charged.

Attorney General Hadley Leaves to Attend the Oil Hearing.

St. Louis, March 22.—The oil hearing in the outer case of the state of Missouri against the Standard, Republic and Waters-Pierce oil companies adjourned until April 5, and Attorney General Hadley, accompanied by Assistant Attorney General Rush C. Lake, immediately departed for New York to attend the oil hearing there on Friday. The illness of H. Clay Pierce, former president of the Waters-Pierce oil company, who was expected to be the principal witness of the session, prevented his appearance. Charles Adams, secretary treasurer of the Waters-Pierce company was recalled to the stand for a short time and was followed by Vice President Andrew Finlay. Mr. Finlay testified that he had gone to New York and talked with H. M. Telford of the Standard Oil company, but could not remember what they talked about.

Bowlers Elect.

Louisville, Ky., March 22.—The American Bowling congress decided to hold its next annual convention in St. Louis, and elected the following officers: President, Robert H. Immunity Is Granted the Indicted Packers as Individuals.

JUDGE HUMPHREY'S RULING

Indictments Found Against the Corporations, of Which Some of the Indicted Men Are Members, Are to Stand—Defendants Held to Have Been Forced to Give Information.

Chicago, March 22.—In the United States district court, Judge J. Otis Humphrey handed down his decision in the packers' case. All of the packers who were indicted by the federal grand jury last summer upon charges of being in conspiracy in restraint of trade and commerce were granted immunity from criminal prosecution under the indictments. While the individuals are to go free, the indictments found against the corporations of which some of the indicted individuals are members and others are employees, are to stand.

The judge said: "Under the law in this case, the immunity pleas filed by the defendants will be sustained as to the individuals and denied as to the corporations, the artificial persons, and the jury will find in favor of the government as far as the corporations are concerned and against the government as far as the individuals are concerned."

RAILROAD PAYS DAMAGES.

Upper Sandusky, O., March 22.—The damage case of Clara Collett, an infant by John Collett vs. the Pennsylvania Railway company, in which they asked for judgment of \$1,999, was settled Monday before Judge W. F. Duncan, of Findlay. Clara Collett will receive \$1,400 net, besides \$800 for her hospital expenses. Her father will receive \$250, a total of \$1,950, and the costs of the case will also be paid by the railroad company.

Miss Collett found a signal carriage near the Pennsylvania Railway company's tracks, and tried to open it. The torpedo exploded, so damaging her eyes that one had to be removed and the sight of the other was injured.

Milner's Methods Denounced.

London, March 22.—The house of commons rejected, by a vote of 378 to 11, a motion of Joseph Chamberlain, formerly colonial secretary, recommending the appointment of a royal commission to inquire into the economic and moral effect of Chinese labor in the Transvaal. The session was consumed in a debate upon the motion of William Byles (Liberal), censuring Lord Milner, former high commissioner for South Africa, for authorizing the flogging of coolies in South Africa, and on Secretary Churchill's amendment to that motion recording condemnation of the flogging, but objecting to the censure of individuals. Joseph Chamberlain, defending Lord Milner, said it would be despicable to humiliate a great public servant for a single error of judgment. Mr. Churchill urged that the Liberals could afford to be generous, as Lord Milner had quitted the public service. Arthur J. Balfour said the amendment offered by Mr. Churchill was more insulting than the motion. Mr. Churchill's motion was carried by a majority of 220.

HE SAID THAT HIS COMPANY THINKS VERY HIGHLY OF THE PROSPECTS FOR A PROFITABLE BUSINESS AT THIS PLACE. THEY ALREADY HAVE THREE TRANS-CONTINENTAL POINTS, PLACING STATIONS AT CENTERS OF AREAS, WHICH WILL EVENTUALLY COVER THE ENTIRE COUNTRY. THERE IS A STATION AT CLEVELAND AND ONE IN THE CITY OF TOLEDO AND ALSO AT COLUMBUS. LIMA WILL BE ONE OF THE FIRST CITIES OF THE TRANS-CONTINENTAL ROUTES TO GET A STATION.

These stations in the cities are built on the tops of the tallest buildings, thus saving the expense of building a tower. Many buildings were viewed by Mr. Kessess while here and he found several that would be suitable, but did not make a definite selection. While the masts are located on the tops of buildings it does not follow that the sending and receiving office will be located there also.

AMUSEMENTS.

One of the quaintest characters which the stage has ever had is that of "Obadiah," the undertaker's assistant in "Sis Hopkins," which is now making it its seventh night under the direction of Mr. J. R. Stirling. "Obadiah" carries a tape measure with him and forever measuring the process with bits of obituary, rhyme and tomb-stone sentiment, which in the manner of presentation becomes gems of rarest comedy. "Obadiah" as a character sketch is second only in popularity and originality to that of "Sis Hopkins" the quaint little Posey County girl with the funny pig tailed hair, originated and played by Miss Rose Melville, who will be seen at Parrot Opera House tonight.

Miss Lillian Mortimer, authoress of "Girl of the Streets" has proved that it is not necessary in writing a melodrama which is intended for a popular priced house, that suggestive lines or situations be introduced in order to attract attention of the public. Her play is not written from the standpoint of a moralist, but it does present a true picture of life in the greatest metropolis of this continent, exposing to public gaze a social strata that has never been seen on the stage before, yet through depths of vice be disclosed, there is an under-current of human interest that must force by its very strength, make its impression felt. It is the most vitally human play written in years and will no doubt, when this season ends, be acclaimed as the biggest money maker of years. It will be the attraction at the Parrot Opera House next Saturday afternoon and evening.

LIMA NEN

When the Butler Oil & Gas company drilled in its famous "white oil" gusher on the Mengert lease, near Butler, Richland county, Pa., it was declared a freak of the world's sort. The Standard here now completed a well in this field, located on the Mengert farm, one fourth of a mile south of the Mengert gusher, and to the surprise of the fraternity another high grade white oil producer, good for close to 100 barrels a day, the result. This oil is the highest grade product known in the world, and commands \$1.75 a barrel, being shipped now in tank cars to the Solar Refinery in this city.

In addition to these two wells, the Noyles, of Lima, John W. Kerr and other wealthy operators have well drilling. It costs \$5,000 to sink a well in this deep sand field, not including tubing and rods.

PRESENCE OF SEN. FORAKER

WAS NOT DESIRED AT MEETING OF C. H. & D.

Maxwell Tells How the Senator Was Misled, and Things Were Put Through Him. He Had Gone Away From New York.

Cincinnati, March 22.—Attorney Lawrence Maxwell, Jr., who made several accusations against the "General" locomotive, was not desired at the meeting of the C. H. & D. Board of Directors at New York in the summer of 1934. "I do not know the full particulars of that episode," Senator Foraker went from Washington to New York to attend the directors' meeting and remained there for two days. He was, however, put off with various excuses, such as that they were not able to get a quorum and that there was only some unimportant matters to be considered. But as soon as the Senator left for Washington a quorum of the directors was on hand and they put through their will which they knew Senator Foraker would oppose, and for that reason they did not want him present at that meeting.

The NEWS is in receipt of a handsome colored lithograph of the famous war engine "General," which took so active a part in the operations between Chattanooga and Atlanta during the Civil War. The picture is a thing of beauty and is a correct likeness of the famous old engine. The "General" now stands on a track built for its exhibition in the Union Depot at Chattanooga, Tenn., where it was placed by its owner, the Nashville, Chattanooga & St. Louis Railway. Although the old engine has not been in regular commission since 1870 it is still in a perfect state of preservation and ready for service should occasion demand. The picture is being distributed by the Passenger Department of the Nashville, Chattanooga & St. Louis Railway, W. L. Danley, General Passenger Agent, Nashville, Tenn. The price of the picture is 25 cents.

The engine "General" was one of the best locomotives of the old Western & Atlantic railroad during the war. In the hottest of the campaign the "Andrews Raiders," a detailed squad of Federal soldiers sent out to destroy the bridges on the W. & A. Railroad, captured the "General" at Big Shanty (now Kennesaw) Ga., April 12, 1862. The engine was attached to the regular passenger train which stopped for breakfast at Big Shanty. The squad of disguised Federals boarded the engine, unopposed, and the train and speed away up the road. The engine was recaptured and the men taken prisoners by Capt. W. A. Fuller, the train conductor, and Anthony Murphy, shop foreman of the railroad and other Confederates near Ringgold, Ga., after an exciting chase. A history of the famous engine will be mailed free to any one wishing a picture of the "General."

LAUGHING AT SCIENCE

Interesting Anecdotes of the World's Greatest Discoveries. Have We at Last Reached the Age of Reason?

In 1805, when the use of gas for lighting was first discovered, people laughed at the idea. The published opinion was "It's plain that a lamp can't burn unless it has a wick." At first people fought steam railroads. It was thought that through watching the trains rush by everyone would be overcome with vertigo. To avoid this it was proposed to build a high board fence on both sides of the track.

We all know how the Atlantic Cable was ridiculed and how Fulton's Steamboat was laughed at as being an attempt to mix fire and water. Will the world ever reach the age of reason—ever learn to exercise common sense?

The idea that consumption and yellow fever were caused by living germs and that all other chronic diseases were caused by uric acid was laughed at a few years ago. Today every physician knows that this is true.

Too much uric acid in the system causes rheumatism, catarrh, stomach and kidney trouble and heart disease. Remove the cause—uric acid—and these diseases are cured. LIFE PLANT removes the uric acid. It cures by driving out the cause—it prevents disease by driving the cause away.

LIFE PLANT is not a patent medicine but a simple, natural, vegetable remedy that dissolves uric acid. It cleans the blood, strengthens the stomach, heart and kidneys, and makes the body healthy.

LIFE PLANT appeals to people of good judgment. If you think it is common sense to cure disease by removing its cause—take LIFE PLANT. Your druggist sells LIFE PLANT, or you can write to the LIFE PLANT CO., Canton, Ohio, for free medical advice and common sense booklet on good health.

WRESTLING

Is Catching the Ladies and Several Parties Have

Bsen Arranged for the Akerman and Wiley Contest at the Auditorium This Evening.

MAX WILEY, LIGHT WEIGHT CHAMPION WRESTLER.

One of the best wrestling bouts of the season will be witnessed by a crowded house at the Auditorium this evening. The bout will be between Wiley, of Rochester, one of the best in the business in that section, and Al Akerman, the champion light weight wrestler of the United States. The seat sale is going with a rush and something out of the usual will be the attendance of a number of the fair sex.

Mr. Wiley also claims to be the champion light weight wrestler of the world. Here's his record: 1898-1899—Won Amateur Championship of America; three classes, 135-lb., 145-lb. and 148-lb. 1900—Turned Professional. Defeated Johnnie Hazlip, Buffalo, N. Y.

GREAT

Attraction booked By Manager Finley

FOR THE AUDITORIUM NEXT MONDAY AND TUESDAY EVENINGS, MARCH 26TH AND 27TH.

Professor Finley, Manager of the Auditorium, has booked an attraction for next Monday and Tuesday nights that you cannot well afford to miss.

The performance is to be given the above two nights by the American Biograph Company, presenting the latest and most realistic moving pictures and illustrated songs. The dazzling effects are so real that you will cry and laugh. Among the pictures is a graphic portrayal of a train robbery, fourteen scenes being required to complete it. Railway telegraph office. The Water Tank. Robbing the mail car. The Fight on the Tender. Uncomping Train. Passengers Hold Up. The Escape. Off to the Mountains. Bandits Crossing Stream. The Operator Discovered. Cow Boys' Dance Hall. The Alarm Given. The Pursuit of the Robbers. Battle to the Death. Life Size Picture of Outlaw Leader.

A scene that attests the highest attainments in photography is Niagara Falls. The machines will project apparently living pictures and actual scenes as well as some very strange, startling and bewildering illusions. You will see the same pictures that are exciting so much interest among the people in the largest cities on both continents.

Don't miss the treat of your life. Date of opening of seat sale will be announced in the DAILY NEWS later.

Billions? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulators cure bilious attacks. 25 cents at any drug store.

ANTIOCH

SHRINE OF WHICH LIMA MEMBERS OF THE MASONIC LODGE Are Members Will Attend the Next Meeting at Dayton, April Sixth.

The Lima Delegation May Be Accompanied by the Merchants' Band—Walter B. Richie, of Lima, Holds the Highest Office of Antioch Shrine.

The Eighteenth ceremonial of Antioch Temple, of which the members of the Shrine Club, of this city, are members, will be held in Dayton, Friday, April Sixth. The Lima delegation are making arrangements for the Merchants' band of this city to accompany them. The following notice has been sent out by Hon. Walter B. Richie, of this city, who holds the highest office in Antioch, that of Potentate:

EIGHTEENTH CEREMONIAL

ES SELAMU ALEIKUM
NOTICE—ALL YE NOBLES OF ANTIOCH!

Our Newest Potentate, Ill. Walter B. Richie, has wired as follows:

Lima, Ohio, Feb. 3, 1936. Isaac Kinsey, Recorder Antioch Temple, A. A. O. N. M. S., Dayton, Ohio:

By authority upon me conferred by the Imperial Council A. A. O. N. M. S. as Potentate of Antioch Temple, I name Friday, April sixth, next, as date for holding the eighteenth ceremonial, beginning at two thirty p. m. sharp. You will heed this order and issue proper notice thereof in due time to all Nobles of Antioch, and at same time extend cordial invitation to all Nobles of other Temples sojourning in our desert, to tarry with us on our oasis, eat of our dates and replenish their canteens with holly and camels milk.

WALTER B. RICHIE, Potentate.

95-Collect \$1.75.

THE RECORDER TAKES HEED.

The Eighteenth Ceremonial Session will be held at Masonic Temple, Dayton, Ohio, on Friday, April the sixth, which in words of the prophet is more commonly known as Salaf 11th, 2nd month, 1344.

The caravan will move at two thirty P. M. sharp, regardless of blistered feet, untitled cautions, or other incidents. Our favorite camel "Big Sheikh," after forty years disability is again in good trim, and with our ill Potentate astride his hump will lead the caravan over the hottest sands ever.

IT IS SAID

That the Bluebird Groves of Holland, Kusely illustrated by Scott, is the latest book in Lima public library.
That it is not wise to get into argument with a certain Lima Noble. Hell Argue with you all night.
That you should have Glossier acquaintance with another Lima Noble. Potentate Richie's Final Instructions to the Patrol.
See here, Cap Wendler, you and this bunch of yours must deliver the goods. I want it understood that Lima is on the map. This is to be my first appearance and the eggs must not slip—see? Hip, hip, hip, all together!

ANTIOCH'S WATER WAGON.
A test of Antioch's new water wagon was made last week. In lieu of camels, which are opposed to water, the wagon was drawn by a pair of thoroughbreds imported for the occasion.
It is evident that the test was not altogether pleasing to the Nobles in charge. Perhaps after learning more of the uses and properties of the water they may find riding on the sprinkling cart more entertaining and healthful.
"Whenever anybody offers to give something for naught, or something for less than it's worth, or more for something than its worth, don't take any chances. Yell for a policeman!"
The above is given out as good advice by a Noble of Antioch.

NOTES ON THE REVIVAL.
The meeting at Trinity took on a new form last night. At the very beginning an invitation was given for those who wished to get with God to stand up. Several arose and a prayer service in their behalf immediately began. This was followed by a general testimony meeting. At no time during the evening did a fit opportunity for the women present itself, and so for the first time during the meetings there was no preaching.

The presiding elder, Rev. Mr. Bowers and Rev. Mr. Crist of Kallida were present, and rendered the pastor valuable assistance.

Mr. Ebenezer sang "If You Be Saved Tonight," and all hearts were moved by his tender appeal. Mr. Ebenezer's heart and soul are in the work, and his sweet voice given unto the Master, is a great help in the services. This evening Rev. Mr. Bowers will preach. Every body is invited. The meeting begins at 7:30 sharp.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns, or bruises at once. Pain cannot stay where it is used.

Eight towns and cities have so far signed desire to enter the contest to be held in Delphos on May 15th. They are Van Wert, Lima, Ada, Upper Sandusky, Columbus Grove, St. Marys, Ottawa and Kenton. Lima sends word that their delegation will be in the hundreds for the contest in holding a Mammoth rink for the meeting.

SPRING TIME

BUT DON'T LOOK IT—LITTLE OF THE RAINY IN FIRST OF SEASON

Temperature Was Ten Above Zero Yesterday, and Collier Weather Is Promised.

Yesterday was officially the first day of the spring season, but all the elements in the universe had been misled, nobody would ever suspect it. With the thermometer down to ten degrees above zero, now needs considerable latitude of imagination to reconcile today's temperature with the traditional balminess of the typical spring season.

The cold snap which followed the heaviest snow of the year lightened its grip on this region last night. On Tuesday the highest point reached by the temperature was two degrees above freezing, and it was maintained but a short time when the drop began.

More than this, the weather man is unable to see any hope of early relief for the forecast made this morning is for still colder weather during the next twenty-four hours.

PIPE DREAM

ONE FINDLAY RAILROAD OFFICIAL GIVEN SPACE IN A NEWS-PAPER.

According to His Story the Pennsylvania Will Buy the Findlay, Pt. Wayne & Western.

It Will Then Be Used As the Main Line of the Penna. and Lima Will Be Wiped off the Earth—Smoke Up, Gentlemen.

One of the most prominent passenger engineers on the Pennsylvania, A. J. Findlay, has been given space in a representative of this paper, regarding the proposed of the West End, and the road, which was abandoned several days ago.

We were only informed by the officials of the road last week that the Findlay shops would be abandoned and the machinery removed elsewhere. Consequently we were much surprised to hear the news. The Findlay shops, which are situated at the junction of the Lake Erie road with our line, have been in constant operation ever since the building of the road some twenty years ago. They are equipped with all the new and most modern machinery, and had been able to do all sorts of the most difficult railroad repairs. They included departments for the repairing of engines, and cars, as well as a large round house, this city being the eastern terminus of the road and also the division point. A number of skilled mechanics who have been employed at the shops, will thus be thrown out of employment, although it is rumored that the company will have machinery enough at the shops to do light repairing to the rolling stock, etc.

When we were notified for the first time that the shops would be removed from West End it was also stated by the officials who gave us such notification, that the railroad had been for some time up for sale, though it could not be given out to what extent negotiations had gone, it is probable that there has been a great deal of talk along the line. It was also stated at this time that the shops would be removed to Ivesdale, where already the C. H. & D. has extensive shops and are desirous of enlarging and increasing the capacity of the same.

From what we have heard during conversations with officials of the road who are posted on the affairs of the line, I think that the rumor about the road being for sale is correct. And if the road is to be sold at an early date, what company will be its purchaser? Now this will be seen from what I have learned through observation, I think the Pennsylvania will be the probable purchaser. It would be the means of shortening the New York-Chicago line of the road and some seventy-two miles, providing that our road is extended to some point on the main line of the Pittsburgh, Pt. Wayne & Chicago. Now this is not a pipe dream, it is something that is bound to occur if the road is actually sold. For some years past there has been talk of extending the road to some eastern point, which would make one of the shortest and most direct of trunk lines.

When the Pt. Wayne road was constructed, it was the policy of the builders and engineers in charge of the work to construct the line as straight as it is possible to build a railroad, and the road stands today a model of its kind among all railroads of the country. This line is 88 miles in length with practically not a single curve.

Now one reason I think the Pennsylvania is desirous of purchasing the line is this. We have seen what has gone on between the Pennsylvania and the New York Central in their 18 miles New York and Chicago traffic. At the present time both lines have the schedule at practically the same time. Now should that can be made. Now should the Pennsylvania obtain control of the Pt. Wayne road, a husband and the line would be acquired for the sole purpose of shortening the Chicago time, and it would be necessary to connect the line with the Pennsylvania at some point east of the city. From this city to Mansfield by the most direct route it is thirty miles, which is the nearest point that the road could be connected on the main line of the Pennsylvania and it should lay the road and build three pieces of track, making an air line of the road, it would be within their power to cut down the distance from New York to Chicago some 72 miles, and lessen their actual running time one hour. So it can be easily seen what it would mean for the road and this city is well.

YES

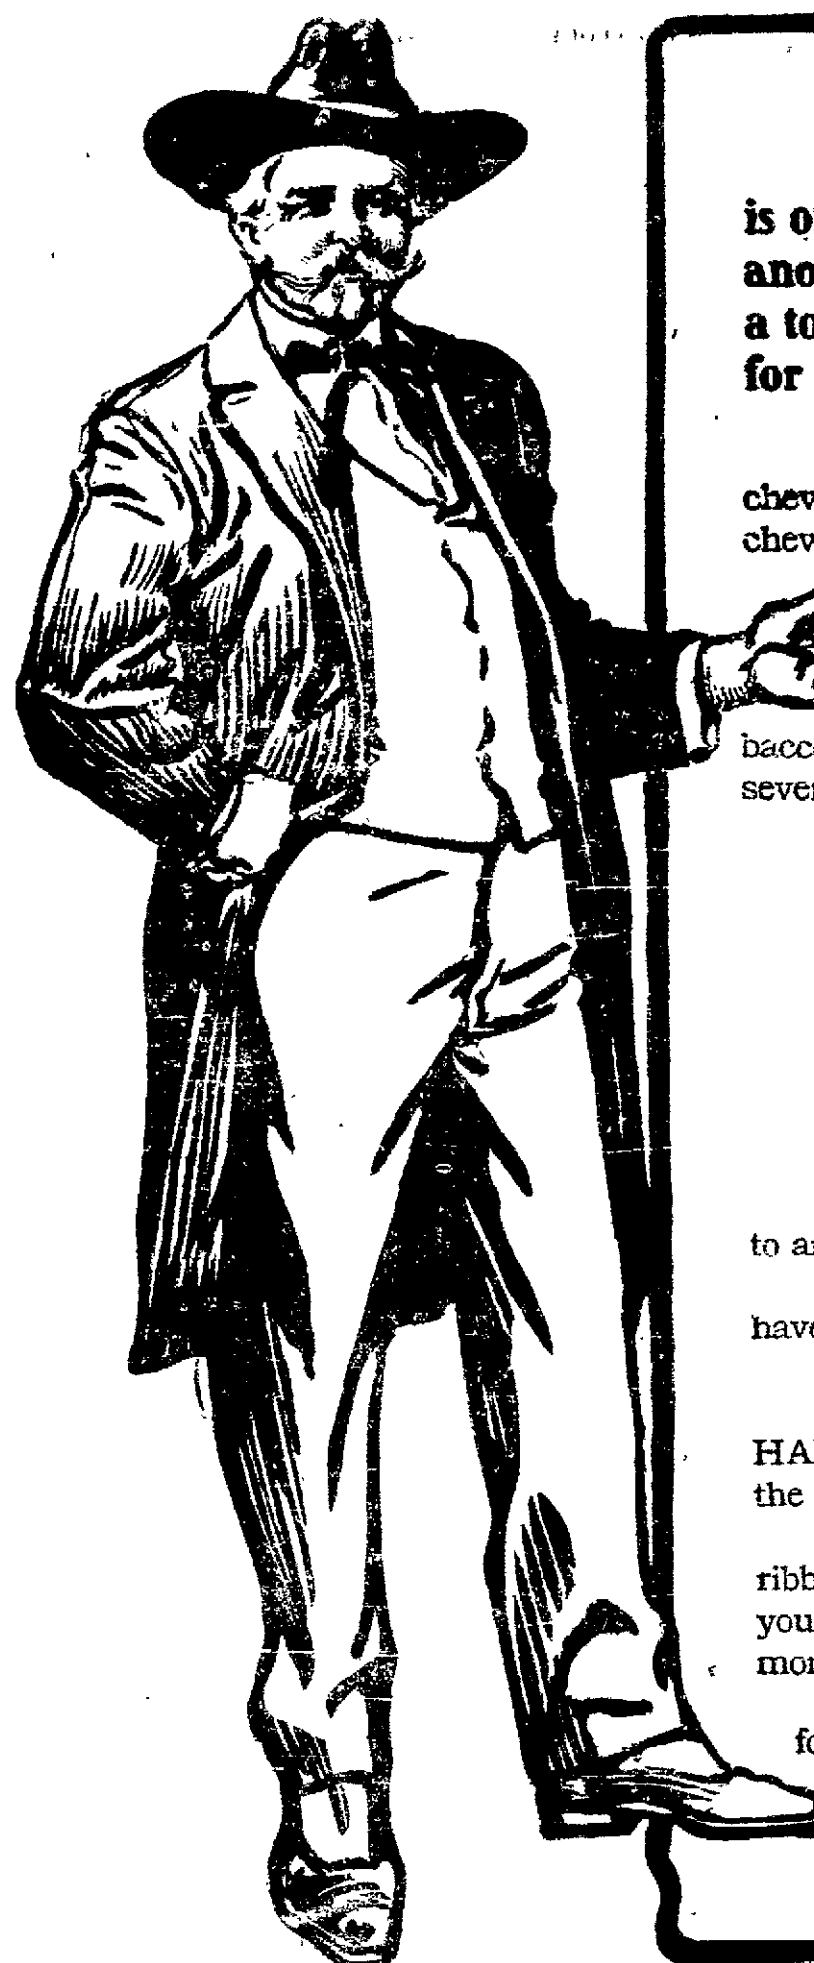

THE LIMA GOBLIN WILL GET THEM IF THEY DON'T WATCH OUT.

F. O. OLSON, OF THIS CITY, REFERRED TO AS A DAY DREAMER IN CONNECTION WITH THE SANDUSKY SOUTHWESTERN RAILWAY.

(St. Mary's Leader.)
The good people of our neighborhood, who are beginning to think that F. O. Olson, promoter of the Sandusky Southwestern Interurban railway, is a day dreamer, and that those who put their money into what seems to have been a rather ephemeral enterprise have been lulled into security by the "sugar" some of them have ears by the energetic "Swede." According to the Lima News, of that village, the project of K. H. Schenck, to build a line from Lima to Bellefonte will, if carried to a successful issue, knock the Olson line into a cocked hat. We have cautioned our friends at the county of time and again to sleep with one eye open. Lima should get the best of them, but they refused to be forewarned, and laughed it to scorn. Everybody knows, or ought to know, that Lima thinks she is the only pebble on the beach and that all other towns and cities are simply little grains of sand. Talk to a Lima man and you will soon observe that he always refers to his city and the town in the same connection, never failing to place special emphasis on Lima and to mention the earth in low breath. Billy Numan actually expects to extend the corporate limits of his home city sufficiently to take in all the neighboring municipalities and call the merger "Greater Lima." So, all the towns in this section of Ohio had better put on more night watchmen, for the Lima goblin will get them, if they don't watch out.

I am from Kentucky, and if there is one thing I know more about than another, it is tobacco. Brought up in a tobacco field, and had it on the table for dessert.

The tastes in tobacco differ; some people chew cigars, others chew plug, and still others chew smoking tobacco. I have chewed them all; the last one I chewed was

HAPPY THOUGHT, and you can take my word for it, I will keep on chewing **HAPPY THOUGHT** tobacco just as long as I can get it. There are seventeen different reasons why I prefer

HAPPY THOUGHT

to any other.

The first is because it is the best tobacco I have ever chewed.

The second, because it is clean.

After you have chewed a package of this **HAPPY THOUGHT** yourself, you will know the other fifteen reasons without my telling you.

HAPPY THOUGHT is straight leaf cut in ribbons, fresh from the field to the factory. Costs you a nickel a package, and you get your money's worth every trip.

Heirs To Get Australian Cash.

CLYDE AND MONROEVILLE RESIDENTS GET \$5,000—ESTATE OF CHAS. FRITH.

Englishman Who Made Fortune in Australia Left a Large Property.

Clyde O., March 22.—Attorney Homer Metzger has, after several years' work in collecting proofs, facts and particulars, secured a small fortune for clients at Clyde and Monroeville. The estate comes from Australia and amounts to about \$1,000 or \$2,000, and is a part of a vast fortune amassed by Charles Frith, who went to Australia many years ago from England. He had a son, George Frith, who inherited a part of the estate. Charles Frith, of Clyde, is one of the heirs of George Frith, as is Mary Williams, of Monroeville. The \$1,000 was to be divided among six children, but three of the children are dead, and the money goes to their heirs. The necessary proofs have been forwarded and arrangements made with a Chicago bank to collect the money due and pay it to the rightful heirs.

OIL MAGNETS

TOO ILL TO APPEAR

St. Louis, March 22.—H. Clay Pierce did not appear before Special Commissioner Anthony today to resume his testimony in the master suit against the Standard, Republic and Waters-Pierce Oil Companies.

Upon the statement of a phys-

cian that Pierce was suffering from acute bronchitis, accompanied by other pulmonary troubles, and that he was threatened with pneumonia, Pierce was excused until 10 a. m. today.

Charles M. Adams, Secretary-Treasurer of the Waters-Pierce Company, who testified Monday was recalled and was still suffering from loss of memory.

The principal admission secured from him was that W. T. McKee, who had audited the books of the Waters-Pierce Company, while employed by the Standard, had been put on the pay rolls of the local concern just before the auditing was done, and had been removed after the work had been completed.

SERIOUS

TROUBLE COMPOINTS TWO WELL KNOWN LIMA YOUNG MEN.

JULIAN KELLY CASHES A CHECK FOR \$44.95 WHICH WAS

Stolen From the Cincinnati, Hamilton and Dayton Freight Office.

He Claims the Check Was Given Him By Harry Carnes, Who Has Duck-ed.

Julian Kelly, a well known young man about the city, until several months ago an employee in a local shoe store, was arrested last night, charged with burglary. Kelly a few nights ago cashed a check on the Cincinnati Hamilton and Dayton Railroad, made out to Engineer F. J. Cook, of this city, for \$144.95, having it cashed at Jackman's saloon at the corner of Wayne street and Central avenue. It now develops that this check was stolen from the private office of Freight Agent O'Dell at the C. H. & D. Freight house. The burglary was committed some time during Thursday night and was discovered the next morning when the employees of the freight office discovered that one of the platform windows had been broken open, later discovering that the door leading to his private office had been forced from its hinges. He further discovered that but one of the many checks left in his keeping had been taken and at once notified the police, who have been working quietly on the case ever since, and but for the fact that the news was prematurely published another arrest would likely have followed today.

After his arrest last night Kelly made a partial confession, admitting that he cashed the check but that it was given him by Harry Carnes, alias "Jigger" also well known about town. "This young man is nowhere to be found."

YEAR AGO

LIMA WAS HAVING ITS TROUBLES WITH SMALL POX.

Now Ft. Wayne is busy looking after a number of cases of the disease.

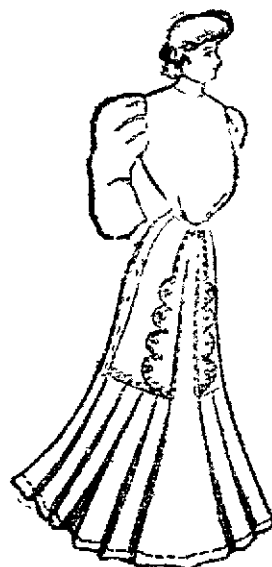

It is up to Van Wert to quarantine Ft. Wayne as that city is alive with small pox—just about in the same shape Lima was one year ago and at that time the village tried to build a fence around Lima.

In conversation with Health Officer Jones this morning he stated that Lima's health was better than first class. There are but two cases of diphtheria in the city, one on Haller street and one on Jackson. Both of these are of a mild form. There is but one case of scarlet fever, and that is located on the South Side. There are two cases of chicken pox.

NEW DINNER CARDS ARE HERE

The spring dinner card has arrived. These are as suggestive of happy days as they are of color and beauty. They are stamped in garlands, which are meant to hang from the side of your goblet. They're a pretty bit of color, adding not a little to the decorative effect of the table as you go into the room, the cards just raised from the white cloth enough to be displayed in the fullest way. These other cards, with a folded bit pasted upon the back, by means of which they are made to stand upon the cloth, are the next prettiest of the many styles shown. Whatever your flower scheme is to be can be repeated in these cards, red roses or pink ones, daffodils or carnations, even the purest of Easter lilies—all have their copies in cards.
